by MiaQc

Summary

A very short and simple story about a trio of wild cats.

- A translation of Trio de chats sauvages by MiaQc

Deep in the jungle, a trio of male wildcats' roam. An inseparable group, they hunt together and sleep in the same caves. Although life in the wild seems romanticized as one of freedom, it is actually full of danger. Many predators could kill them. The trio of wildcats live day to day. Who knows? Maybe they will encounter a group of females and mates.
